## High Speed Wi-Fi at Sea

### NOW YOUR CLIENTS CAN BROWSE AND STREAM FASTER.

When your clients book with us, the excitement moves at their own pace. But when it comes to their Wi-Fi experience, we're speeding things up with **Excelerate Stream Wi-Fi Package**. Now clients can share memories with video calling and messaging like Skype and Facetime, browse web sites faster, and sit back with their favorite movies or shows with streaming video capability.

Connect up to four devices on one account, allowing you to instant message family and friends on board throughout your cruise.

Our value-priced **Excelerate Surf Wi-Fi Package** is for anyone who simply wants the ability to text, check email, surf the web, and keep in touch with family and friends while on vacation. This package does not include VoIP (Voice over Internet Protocol) technology such as FaceTime, Skype, or the ability to stream videos through Netflix and YouTube. You can connect up to four devices, all at once, on one Excelerate Surf Wi-Fi Package. Available throughout the fleet, except on Galapagos sailings.

Book your internet package online pre-cruise and save up to 10% on the price.
